

FULL SIZE TRUCKS

Aerodynamic and Lightweight

Work hard, look stylish and stay safe. The AluRack features a rear roller, which makes it safe and easy to load bulky sheets of plywood, drywall, pipe and even weekend toys from the back of the van. The lightweight, yet rugged design can carry all of your cargo and withstand challenging weather conditions.

Plus, the aerodynamic design looks modern and reduces fuel consumption.

Rear Roller makes loading and unloading easy

Improve productivity – Easily unload and load cargo with assistance from the standard rear roller.

Provides the most versatile way to transport your cargo.

Durable, lightweight anodized aluminum enhances vehicle's professional image.

Winner of ergonomic awards in USA, France, Germany, and Australia.
