

# RVS-128

## ADVANCED BLIND SPOT SENSOR SYSTEM

### FEATURES

- Microwave Sensor Technology
- Long detection range – up to 82ft
- Easy Sensor Installation – Surface Mounted
- Visual alerts mount in A-Pillar

### IN THE BOX

1 x Control Module

1 x Cable Harness

2 x Blind Spot Sensors

2 x Rubber Gaskets

2 x Sensor Extension Cables

2 x LED Indicators

2 x LED Extensions Cables

1 x GPS Connector

1 x Speaker

2 x 3M Mounting Tapes

# RVS-128

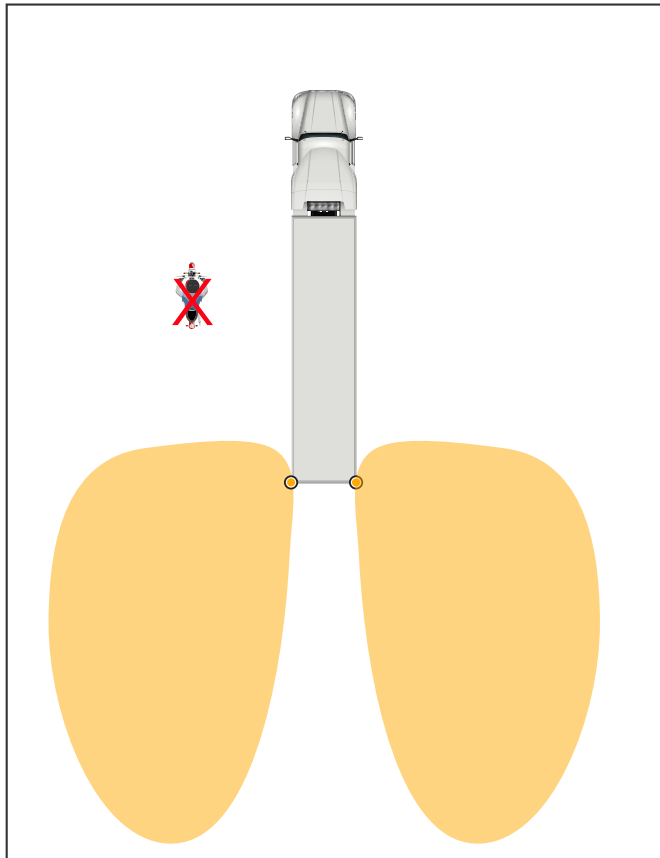

## ADVANCED BLIND SPOT SENSOR SYSTEM

### SPECIFICATIONS

Operating Frequency	24.0-24.25GHz
Transmitting Power	15dBm
Detection Angle	40 Degree
Speed Range	0.35mph-137mph
Speed Accuracy	< 0.35mph
Movement Detection	approached or overtaken by vehicle
Detection Range	0-82ft
Operating Voltage	9-32V
Rated Current	<200mA
Working Temperature	-40°C ~ +80°C
Waterproof Radar Sensor	IP67

### COMPETITION

Sensors mounted  
in rear corners

### THE RVS DIFFERENCE

Our sensors mounted in the  
front of the vehicle
