

DEPLOY/PRO™

PRIME DESIGN™

A Safe Fleet Brand

for Glass Installation Vehicles

Tired of stowing your ladder inside your van – or climbing on the roof to get it down at every job site?

Safety

Stow and deploy ladders from the rear of the vehicle, safely away from potential road hazards

Customization

Adjustable, removable handle for user defined positioning and secure ladder deployment

Productivity

Stow and deploy ladders in less than twenty seconds

Reduce Injuries

Users feet stay safely on the ground, eliminates the need to climb on bumper or tire

Control

Integrated hydraulic cylinder for controlled ladder deployment and gas assisted lift for easy stowing

Durability

Aluminum construction with stainless steel fasteners for durability and longevity

Easy Installation

Rack assembly come pre-assembled for a quick up-fit with adjustable ladder support bars to fit your fleet vehicle and various ladders

DEPLOY/PRO™

PRIME DESIGN™

A Safe Fleet Brand

for Glass Installation Vehicles

Upgrade your fleet vehicle's ladder storage solution with Prime Design's DeployPro system – the industry's only ergonomic, rear-deploying solution for safe and productive fleet vehicles! It's the smart, safe, and efficient ladder storage system for glass installation vehicles that can't utilize ladder racks that deploy to the side.

DeployPro can be installed on any OEM vehicle with a compatible rack, and a wide range of accessories are available including conduit carriers, light holders, rear door access ladders, and more. Here's how it works:

Factory-assembled, stand-alone system for ladder storage – mounts to most vehicle interfaces or racks. Customer supplied hardware may be required.
